SCONES

SIMPLY THE BEST!

DERE STREET SCONES

All Scones are made in small batches using premium all natural ingredients, real butter and cream, unbleached, unbromated flour, fresh fruit zests, exotic spices, and native fruits and vegetables. We never use artificial ingredients, hydrogenated oils, preservatives or high fructose corn syrup and all of our products are trans-fat free.

TRADITIONAL SHEETED SCONES

Smaller in size to American style scones, the dough is sheeted and cut in the traditional round manner and is offered in 3.5 oz and 1.5 oz size. These scones are sold at retail and are perfect for the food service industry. In addition to our line of sheeted sweet scones, we have several savoury flavours, which are perfect for bread baskets, mini sandwich bites and pair really well with soup, stews and chili.

DROP SCONES

A different shape and larger in size than its British cousin, these irresistible 4 oz and 5 oz scones have a rustic look and are filled with flavour. These are made for retail and the savoury biscuits make wonderful sandwiches.

POLENTA CAKE

POLENTA CAKE

For your tea time or dessert pleasure, this moist and delicious dessert cake is available in two flavors, orange and lemon. The moistness of this cake comes from the flavor-some grittiness of the polenta and the tender rubble of the almond flour. The orange or lemon highlight the eggy butteriness of the cake, making it rich and sharp at the same time. While it's tempting to slice and eat a delicious hand held piece of this cake, it is best eaten with a fork and spoon accompanied by a scoop of ice cream of your choosing or lemon or orange sorbet. Add some pistachio or hazelnuts, orange segments and a mint leaf for a delicious and decorative finishing touch.
