

BAKING INSTRUCTIONS

4 OZ and 5 OZ DROP SWEET AND SAVOURY SCONES

PRE-HEAT OVEN BEFORE BAKING

Place frozen scones and biscuits on pan lined sheeted trays approximately 2" apart. Brush with egg wash and sprinkle sweet scones with sugar. Look for a light golden brown color and a scone or biscuit that's crusty on top and will not leave an impression when pressed lightly with finger tips. Scones & biscuits continue to bake after removal from oven. Please allow scones & biscuits to cool before tasting. If broken open before proper cooling, they may appear unbaked in the center. Bake in a pre-heated oven.
