

BAKING INSTRUCTIONS: 3.5 OZ & 1.5 OZ SCONES

PRE-HEAT OVEN BEFORE BAKING

Place scones on pan lined sheeted trays approximately 2" apart. Brush scones with egg wash (half egg/half water). When baked, look for a light golden brown color. Scone will be crusty on top and will not leave an impression when pressed lightly with finger tip. Scones continue to bake after removal from oven. Allow scones to cool before tasting. If scones are broken open before proper cooling they may appear unbaked.

Bake at the following temperature in a pre-heated oven.

FOR 3.5 oz. SCONES BAKE AT THE FOLLOWING TIME & TEMPERATURES

Convection Ovens 300°F 25 minutes
Rotating Rack Ovens 325°F 25 minutes

FOR 1.5 oz. SCONES BAKE AT THE FOLLOWING TIME & TEMPERATURES

Convection Ovens 300°F 20-22 minutes
Rotating Rack Ovens 325°F 20-22 minutes

Since individual ovens vary please make adjustments accordingly.
